A dry sparkling wine excellent for every occasion, perfect as aperitif, ideal with hors d'oeuvre and fish courses

SERVING
TEMPERATURE 6 - 8 °C

Brut sparkling wine is perhaps the most celebrated, famous and classic *spumante*. According to law it must contain a residual sugar content of less than or equal to 12 grams per liter.

This is the type of great champagne and sparkling wines, full and ripe, dried, fruity, with an acidic note.

These sparkling wines can age very well, and can be served during the whole

meal
